## **V promoters opt for ramsac**

IT provider ramsac provided wireless internet and email access at the 2006 V Festival at Hylands Park.

For the third year in succession, ramsac was chosen by event promoters to deliver web access to their temporary on-site offices and for the production teams of performers that include headline acts such as Faithless, Radiohead and Morrissey.

The firm is an IT consultancy advising businesses nationwide on technol-

ogy policies, strategic planning, networking purchasing and support.

Founded in 1991, ramsac provides a wide range of outsourced IT services to companies, charities and the public sector. Its suite of solutions includes helpdesk support, network health checks, on-site engineering, security audits, project management, IT human resources, support and technology migration planning and implementation.
