### IT Consultancy raises £3K » 6 November 2008

14 employees from the Surrey based IT solutions consultancy ramsac, were cheered by crowds of on-lookers on Sunday 2nd November as they raced the 10 kilometre cross course around Loseley Park in Guildford to raise money for CHASE.

The grounds of the stunning Loseley House saw participants arrive bright and early in the morning ready to run either the 4k or 10k race. The 10k route featured a mixture of surfaces including roads, fields and sandy tracks to challenge the runners. CHASE is a local charity dedicated to offering a diversity of needs based care and support to life-limited children and their families.

Team captain and Managing Director of ramsac, Robert May, comments, "We are delighted to have raised a fantastic £3,100 for CHASE, they contribute so much to our local community it is great to be able to give something back."

The ramsac team featured competitors from across the company. As well as Director Robert May, Dan May and Sally Cooper, team ramsac also included Finance Assistant Carol Wainhouse, Support Consultants Greg Phillips, Nick Thomas, Charlotte Hopkins, David Freitas and Ollie Warwick, Network Consultants Robert Horton, Matthew Tibbs, Simon and Neil Benham and Relationship Manager Nina Morley.

The star runner of the ramsac team, Nick Thomas, was the first of the team to cross the line with a time of 50 minutes and 53 seconds.

Robert May continues, "Raising money for CHASE is especially important to us, we have supported them for many years and more recently, they have provided direct support to one of our colleagues and his family. We hope that our donation can be used to help other families find themselves in similar situations."
