"Winning the Toast of Surrey Awards 2011 has had a great impact on business. Firstly, it had a great impact internally – people like to know that they work for a successful business and the award generated a lot of positive feelings with our staff, who see it as recognition for all of their own hard work. Secondly, we saw new business leads directly as a result of the PR surrounding our win. Potential clients want to have reassurance that they are doing business with a reputable and professional organisation and the Award win lent credence to our own story. Finally, many of our existing clients went to great effort to get in touch and congratulate us, which again built a real sense of customer loyalty."
