secure+ from ramsac

## What is secure+?

- secure+ is your peace of mind from cyber threats

- We monitor your IT environment 24/7, hunting for signs of potentially malicious behaviour or cyber breach

- Our skilled, Security Operations Centre responds to alerts, investigating and acting where necessary to safeguard your organisation from cyber criminals or malicious insiders.

What can secure+ detect?

secure+ can detect hundreds of indicators of compromise including:
Suspicious logins following a phishing attack.
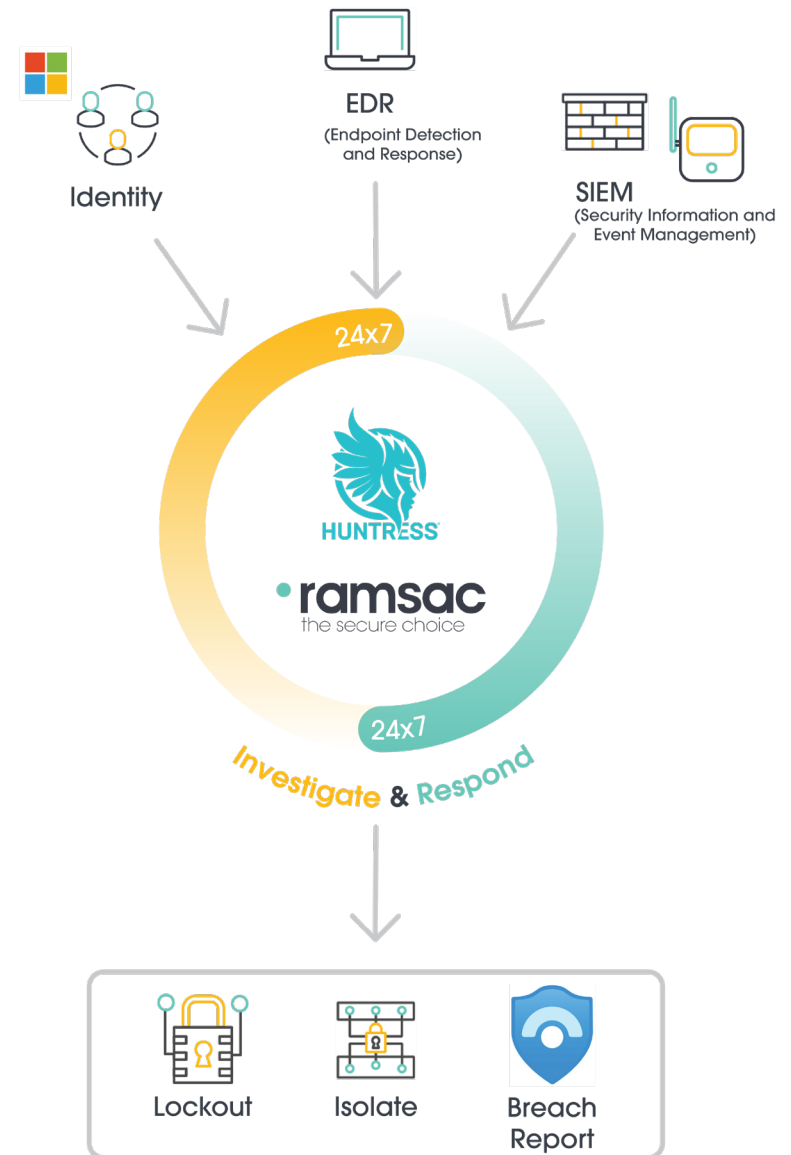

Malicious processes or VPN use.

Malware or ransomware deployment.

An attacker moving through a network.
